

Warm Hearts/Warm Bodies

Warm Hearts/Warm Bodies is NISA program which solicits and receives donations of materials, fabric and textiles for the creation of quilts, blankets and comforters for people within our community who are in need. Warm Hearts/Warm bodies provides a valued service and an opportunity for consumer/survivors to acquire meaningful skills.

NISA has also become a depot for distributing blankets and quilts to those in the community who require them. Other organizations depend on NISA to distribute their quilts and blankets to the community.

If you have donations of quilts, blankets or comforters (in good condition and clean), please contact NISA's Program Coordinator to arrange a drop-off.
